Sefton Coast Landscape Partnership Scheme

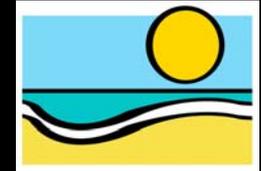

Sefton Coast
Landscape
Partnership

Vision of the Sefton Coast Partnership

“To manage and promote access to the coast, in a way which ensures the conservation of one of the most important coastal areas in Europe for nature, whilst providing sustainable benefits for the economy and for people.

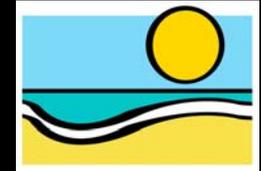

Specifically, we accept the joint responsibility to ensure that the integrity and natural value of the dune system and estuaries is protected in perpetuity as one of the series of European nature sites.”

Heritage Lottery – Landscape Partnership Scheme Priorities

- Conserving or restoring the built and natural features that create the historic landscape character
- Increasing community participation in local heritage
- Increasing access to and learning about the landscape area and its heritage.
- Increasing training opportunities in local heritage skills.
