Why hold this conference? The CPN Annual Forum is **the** national continuing professional development for Coastal Partnership Officers and members of their Steering Groups or Boards. It provides up to date information on the latest legislation and key issues affecting or affected by coastal management and helps to showcase different aspects of the work of coastal partnerships to inspire others. It also serves as the key networking event for CPN members and partner organisations, enabling them to build links and benefit from shared experience on a national scale.

What will you get out of the conference? You will gain a greater understanding of some of the hot topics in coastal management and have an opportunity to influence the future development of the Coastal Partnerships Network.

Who should attend? Coastal Partnership Officers from across the UK, their Board and Steering Group members and the organisations that work in partnership with them or that aspire to work in partnership at the coast.

Costs: The fee is per delegate and includes both days of the conference, the field trip and a 3 course networking dinner at the conference hotel on the evening of the 4th. It does not cover accommodation. NGOs / Public Sector: £50; Private Sector: £75; Exhibitors (additional fee applies) get 1 free place. A £20 reduction is available for those not wanting dinner; but no reduction for attending only part of the event.
