

Workshop Session 1: Exploring National and Regional Coastal Coordination

A National Framework Championing Coastal Coordination

1. What are the key things that need more effective coastal coordination at national level?
2. What benefits could be seen from better national coastal coordination?
3. What are the barriers to better national coastal co-ordination and how might these be overcome?

Exploring the Benefits of a Regional Approach to Coastal Co-ordination in NW England

1. Are there benefits arising from regional coastal coordination? If so, what are these/could these be?
2. What are the risks and challenges to regional coastal coordination going forward?
3. Would the proposed 'What's Happening on the North West Coast' resource be useful? If so why?

Workshop Session 2: Exploring Local Coastal Coordination

Dee Estuary Coastal Coordination:

1. What are your current perceptions of the existing management of the Dee Estuary landscape?
2. Are there any challenges arising from the way estuary management currently operates? If so, what are these?
3. Do you have any aspirations for improved coastal coordination across the Dee Estuary? If yes, what could this look like?
4. What do you see as the opportunities and benefits of improved cross-border coastal coordination?
5. Can we apply the catchment-based approach alongside the coastal-based approach across the Dee Estuary?

Mersey Estuary Action Planning

1. Would you like to be involved in developing an Action Plan for the Mersey Estuary for 2022 and beyond?
2. Do you know of any previous or existing plans for the Mersey Estuary? If so, what are they?
3. Is there anyone else we should talk to or anything else we should know about?
4. Would you like to be kept informed of the Mersey Estuary Action Plan?
